

Foundation of Light
Membership Form
October 2005-September 2006

The Foundation of Light offers several categories of memberships: individual, family, distance, college student, and newsletter subscriptions.

We offer a flexible fee schedule for all memberships. Partial or full scholarships are available for those in need.

Children under the age of 18 are included in family membership. Distance memberships are for those not living locally.

When determining the amount you will pay, please consider your financial capability, the benefits you receive from participation in FOL programs, and the number of adults in the membership.

This year we also ask you to consider making an additional contribution, which you can earmark for a specific fund.

We thank you for your support! Your generosity helps us keep an important light shining brightly.
